

Kids Castle Times

By Ms. Monica & Ms. Sheryl

Last month we talked about the love we have for our family, friends, our community. For our first theme My Family and Friends we discussed what we call our family members and how we treat them.

For our next theme My Community we talked about the important places in our community such as the library, a police station, and parks. It was wonderful to hear how many of our friends visit the library on a regular basis. For our Sharing and Giving theme we shared things that we can give to others and how it makes us feel to give to others. Although we had a short week for our Thanksgiving theme we had full bellies for our classroom Thanksgiving Pot Luck. Thank you again to all the families that helped make all the festivities possible.

As 2022 comes to an end we are excited to celebrate the last month of the year. In December we have many fun activities coming up..

UPCOMING EVENTS
