

MONTICELLO ACADEMY

# OLYMPIAD CLUB

FOR SECOND GRADERS

## Goal/Purpose/Message

This olympiad club is custom-made to teach second-grade students how to problem solve real world problems. We hope to challenge the students in a way that allows them to think outside the box.

### About

This olympiad club is created to introduce olympiad subjects to lower elementary. The problems are age appropriate yet will challenge them. We will ensure that during the club duration, the students understand the concepts. This club is intended to be a student volunteer-run, but there will also be adult supervision to step in when needed.

### Affect

- Introduce important learning concepts
- Allowing students to think outside the box
- Teach major strategies for problem-solving
- Develop flexibility in solving problems
- Use of manipulative and hands-on activities allow students to explore problems in logic
- Allows students to understand concepts better
