

Want to be a Super Reader?

What Will You Learn?

Description:

- Double your rate of reading and comprehension.
- Learn Faster and Better: Finish a book 3x faster (and remember every part of it). Learn a new language in record time. Master any new skill with ease. Be a better you in every way.
- Absorb new information at a faster rate.
- You won't be reading more; you'll be learning more!
- Boost Your Grades & Ace Exams: Use your accelerated mind power to excel in any class, curriculum, and exam. Cut down your study time so you can learn more, grow more, and play more.
- Foundations of speed reading is taught in the first month.
- Scientific techniques are used to develop your speed and comprehension in month 2.
- Month 3 you will learn advanced comprehension and focus.
