

Sunshine Scoop

By: Ms. Chely & Ms. Danielle
January 2021

The month of December has come and gone! We hope you had a joyful, healthy holiday break with your family and a very Happy New Year's Celebration. We're looking forward to a wonderful new year filled with new learning experiences and lots of fun.

The month of January promises to be full of learning and exploration. The week of our return, the Sunshine class will discuss what it means to make a New Year's Resolution. During Health and Nutrition week, we will learn about muscles, bones and organs and introduce our first consonant blend "bl". The following week's theme will be weather. We will make a tornado in a bottle, rain in a jar, color Tsunami waves, make storm clouds and Frozen Paint for art! Our next theme, Ice and Water, includes activities such as water color painting and melting ice art. The month concludes with the theme One World. With a focus of having love for all in the world, no matter their race or gender. We will touch upon Dr. Martin Luther King Jr. and all he stood for which goes hand in hand with the theme. Please continue to review past and current sight words and word families.

Important Dates:

1/4	<i>Welcome Back</i>
